WELCOME TO THE APOCALYPSE

Born of the U.S. government's 1928 raid on the degenerate coastal town of Innsmouth, Massachusetts, the covert agency known as Delta Green opposes the forces of darkness with honor but without glory. Delta Green agents fight to save humanity from unnatural horrors—often at a shattering personal cost.

In **DELTA GREEN: THE ROLE-PLAYING GAME**, you are one of those agents. You fight to keep terrors from beyond space and time from infecting the world and claiming human lives and sanity.

The **AGENT'S HANDBOOK** is a players-only rulebook for **DELTA GREEN: THE ROLE-PLAYING GAME**. This incarnation of the legendary **DELTA GREEN** game line includes:

- » Rules for creating agents of all types.
- » Rules for tense, fluid investigations. Players who use their agents' skills in clever ways have the best chance to succeed—and survive.
- » Nerve-wracking rules for combat, where random disasters can undo the most careful planning.
- » Mind-melting Sanity rules that see agents gradually deteriorate—and sometimes snap.
- » Rules for "home" scenes where players see what their agents are fighting for.
- » Quick, intuitive rules to determine equipment and assets.
- » Dossiers on the federal agencies most likely to be featured in play.

Further terrors can be found in this book's companion volume, the **HANDLER'S GUIDE**. Together, both books comprise the award-winning **DELTA GREEN: THE ROLE-PLAYING GAME**.

Dear Cind,

I fucked up. What can I possibly write? How do I get it across? I should've told you everything when it happened.

I should have said--what? Fuck. I don't know. This?

Hey Cind! how are you? A bunch of guys put these worms in themselves. They're not normal worms. They're from somewhere outside. Okay, got it?

And these guys were robbing banks, and I was trying to find them. It was great. We had a map and everything. Phone records. Names. We followed them and photographed them and got ready for the raid.

And then one day-- Cind, you won't believe this. One day I woke up naked, covered in Vaseline, bleeding and sprawled at the bottom of an empty pool in an abandoned YWCA in Detroit. Remember the night of the twenty voicemails? That's where I was. I wasn't dead, shot on some raid. I wasn't cheating. I didn't tell you then. I'm sorry. I lied.

So, here I am coming clean. These worms, they start out small. They crawl in your gut and grow, and they shit the Philosopher's Stone, and you live forever. Sounds great, right? Only it's not. I've seen what's left of a body when these things are done with it. They breed in you and you explode like a party favor filled with rotting guts and flailing worms.

I've SEEN this happen.

There's a worm inside me now.

I'm not going to wait around. And I see now, I can't write anything to you about it. I'm sorry, Cind. I'm very sorry.

I still love you.
