

# Battle Cries!

“Come forward so that I may smite thee with my mighty blade!”  
“The truth shall descend upon thy wickedness as an angel of righteous fury!”  
“Thou shall die a thousand deaths shadow spawn!”  
“I shall lay down my justice upon thy lonesome brow!”  
“I shall spread the buttery justice of Tyr over the toast of your inequity!”

When the action is high and the dice are rolling it can be difficult to think of an interesting turn of phrase. We hope these help! You can either roll randomly or choose a few favorites. For longer battle cries combine the tables, You might want to make some in advance, during down time in the game or while waiting for your initiative round.
