Violence and the Supernatural

This book may be inappropriate for young readers.

The World of the Palladium Role-Playing Game is violent, deadly and filled with magic and monsters. Other dimensional beings, demons, and sorcerers torment, stalk and enslave humans. Monsters, gods, magic, insanity, cannibalism, war and heroic adventure are all elements of this book.

Some parents may find the violence and supernatural elements inappropriate for young readers/players. We suggest parental discretion.

Please note that none of us at Palladium Books® condone nor encourage the occult, the practice of magic, the use of drugs, or violence.

A supplement for the Palladium Fantasy RPG™

Compatible with the entire Palladium Books® Megaverse!®

Dedicated to the memory of Michael Juoduirsis.

His contagious recklessness and bizarre sense of humor will forever be imprinted on my mind. I will always remember the Russian Prince run-in one confusing Oktoberfest evening, a Vampire PC who is afraid of the dark, and midnight excursions to Best Pipe with Mike and Rob. For these and other crazy antics, too many to be recorded, I will always be grateful.
